ABOUT ME

IT Support / Help Desk professional with 1+ year of hands-on experience providing onsite and remote support in enterprise environments. Skilled in troubleshooting, ticket management, and end-user support across Windows and Microsoft 365 environments. Proven ability to resolve issues efficiently while maintaining SLA-driven service standards.

WORK EXPERIENCE

Sky Systems (Wipro/Microsoft Program) – Desktop Support Engineer (Contract) Dec 2025 – Present

- Provided onsite L1 desktop, AV, and basic network support within a large enterprise environment under the Wipro/Microsoft program
- Owned high-priority incidents end-to-end, ensuring timely resolution in line with SLA requirements
- Troubleshoot and resolved issues across Windows 10/11, Microsoft 365, VPN, LAN/Wi-Fi, and hardware/peripherals
- Supported meeting rooms and conferencing systems (Microsoft Teams Rooms, Webex, Zoom), ensuring readiness and minimal disruption
- Performed break-fix support, device replacements, and coordinated hardware repairs for desktops, laptops, and printers
- Logged, tracked, and updated incidents in ServiceNow, following ITSM processes and escalation procedures

Orizon Energy – IT & Operations Coordinator May 2024 – Oct 2025

- Acted as primary point of contact for IT support and office operations, assisting users via phone, email, and in-person
- Provided L1 technical support, troubleshooting hardware, software, and basic network issues across desktops, laptops, and peripherals
- Managed user onboarding/offboarding, including account setup, system access, and device provisioning
- Maintained asset inventory, coordinated equipment procurement, and supported meeting room AV setup and troubleshooting

TECHNICAL SKILLS

- **IT Service Management (ITSM):** ServiceNow, Jira, BMC Helix, incident management, request fulfillment, ticket triage, prioritization, escalation, SLA management
- **Operating Systems & Administration:** Windows 10/11, Windows Server, Active Directory (user/group management, password resets), Microsoft 365 administration (Exchange Online, Teams, SharePoint, OneDrive)
